Recent Members

Our three most recent members are listed below. Have you arranged peering with them yet?

Name	AS Number	Date Joined	Peering Contact
Netflix	2906	2012-06-29	<input type="text"/>
IX Reach	43531	2012-06-25	<input type="text"/>
Magrathea	31084	2012-06-18	<input type="text"/>

Recent Changes and Updates to IXP Manager

- **Peer to peer (member to member) traffic graphs are now available.**
All feed back greatly appreciated. [Check yours out here.](#)
- **New Peering Manager now available.** [Check it out here.](#)
- Peering matrices are now working again - with added IPv6 support - and lots of new bells and whistles. [Check them out here.](#)
- You can now manage your mailing list subscriptions via your [profile page](#).
- Redesigned [Statistics pages](#) making them clearer and more intuitive.

Sample Member Interface (2/2)

- Potential Peers
- Potential Bilateral Peers
- Peers
- Rejected / Ignored Peers

You currently do not exchange any routes in any way with the following members of the exchange **over the highlighted - in red - protocol(s) and LAN(s)** because:

- either you, they or both of you are not route server clients; and
- you do not have a bilateral (direct) peering session that we have detected with them.

Member	ASN	Policy	LAN 1	LAN 2	
3 Ireland	21327	open	IPv4		Request Peering Notes
BT Ireland	2110	open	IPv4	IPv4	Request Peering Notes
Cable & Wireless Worldwide	1273	selective	IPv4		Request Peering Notes
Colt Technology Services	8220	selective	IPv4		Request Peering Notes
Interfusion Networks	34912	open	IPv4	IPv4	Request Peering Notes
Limelight Networks	22822	selective	IPv4		Request Peering Notes

Admin Features

- CRUD operations for:
 - Members, users, interfaces
 - VLANs, IP addresses
 - PoPs, Racks, Switches, SwitchPorts
- Traffic graphs (via MRTG backend)
- P2P Traffic Graphs (**new**)
- Meetings & RSVP, MAC addresses
- Port Utilisation and Traffic Change alerts
- Auto-provisioning of route servers and collector, ARPA, Nagios, Smokeping, MRTG, TACACS, RADIUS, Mailman

Member Features

i n t e r n e t n e u t r a l e x c h a n g e

- Traffic graphs and P2P graphs
- Mailing list management
- NOC / peering / contact details update
- Peering Manager
- Peering matrices
- Meetings & RSVP
- Other member details
- Documentation
- User management

The Open Sourcing of IXP Manager

i n e x
i n t e r n e t n e u t r a l e x c h a n g e

- Expected no real interest
 - **Wrong!**
 - In use in Australia, SIX, interest from KIX
- Project hosted on GitHub
 - <https://github.com/inex/IXP-Manager>
 - Please fork on GitHub if you plan to use it
- Follows standard MVC structure
- Installing / expanding / tailoring getting easier
 - Installation and other documentation in progress
 - Modules allow for individual functionality
 - Skinning functionality already in place
